The Limited Warranty does not cover any damages caused by or resulting from shipping, misuse, abuse, or other reason except for a manufacturer's defect.

All warranted parts must first be sent to SSR Motorsports for inspection and verification of defect(s). Until the parts are sent to us, replacement parts will not be sent under the terms of the Limited Warranty. Failure to do so may result in you getting the wrong part. We are not responsible for wrong parts sent if we do not have your part to exchange and verify correct part numbers.

In some cases, the parts may have to be shipped from overseas and may take up to 8 weeks for delivery.

Dealers and distributors are responsible for shipping charges incurred from shipping warranty components to SSR Motorsports and repaired or replacement parts to the original owner under the terms of the Limited Warranty. If you cannot reach your selling dealer and must return a component or part, you are responsible for any and all shipping and handling charges incurred to transport said component(s) and/or part(s) to and from SSR Motorsports.
